Description

2024 Compass 150cc

Blue Lagoon Marine are delighted to be able to offer the full Compass Boats Range. These are high-quality GRP sports boats ranging from small fishing tenders to 19ft sports boats. Compass are a medium-sized, family-owned, business based in Athens, Greece and have been building these fantastic boats since 1965.

The 150CC is a 15ft centre console sports boat. Recommended engine range for this model is 30-60HP. As with all Compass boats construction is done using the S4 method, making this vessel unsinkable with its crew onboard. It's deep freeboard also makes it feel secure and very capsize resistant. Self draining deck makes it easy to maintain and hose down after your trip out.

Equipped with a 60HP engine you can expect to get it up to 32knots. So like the 135CC, this is going to be economical to run while still packing in plenty of fun off the back of the boat or just letting you enjoy the ride. Rated Class C up to 5 adults lets you bring some friends along!

Boat only prices start from £14,695 inc VAT, where boat, engine and trailer packages start at £23,295 with an Extreme 750kg Maxi Roller Trailer and Honda 40HP
