Manufacturer Provided Description

The Zodiac Yachtline Deluxe 420 will allow you to equip your boat with a tender that is designed with a compact profile ensuring a minimum of inconvenience when craned aboard and stored. During the many maneuvers that tenders undertake, the buoyancy tube acting as a natural fender, will protect your yacht from damage. The design of the console and the original line of the rear compartment, the stainless steel bow rail and cleats, the white and light grey tube retain immediate attention. The ergonomic console will support navigation and electronic equipment. All seats have high quality upholstered cushions. The hull design is specially adapted to 4 stroke motors and provides for instant planing, without rearing up. The performance and handling are outstanding and the Yachtlines are great fun to pilot. Standard equipment, as well as electrical and fuel supply systems, have been designed to meet or exceed the stringent standards of ISO (International Organization for Standardization) and ABYC (American Boat And Yacht Council). A deep V hull and high console (for piloting either seated or standing) provide a very comfortable ride even in the biggest seas.

Disclaimer

For a full, detailed specification with additional photographs and direct contact details for the listing office visit our website at www.watersideboatsales.com

The Company offers the details of this vessel in good faith but cannot guarantee or warrant the accuracy of this information nor warrant the condition of the vessel.
