## Description

### 2000 Ferretti 80

We here at Blue Lagoon Marine are excited to announce the listing of this stunning Ferretti 80!

With a Ferretti yacht you can travel without ever leaving home, as you wake each day to a different view with new horizons to explore, immersed in total luxury.

The yacht becomes a space that is personal and intimate yet free and engaging. A private, exclusive place for relaxing, being well and embracing the allure of the world outside.

Cruising is an authentic experience where perception becomes emotion, with a single overriding feeling: the sense of being at home.

Home, comfort, the journey, the sea. Concepts of a clarity that inspires Ferretti Yachts to build immaculate boats that are the embodiment of their owner's personality and their profoundest desires.

Please contact the team at Blue Lagoon Marine for further information.

Guest Heads: **4**

### Other

Warranty: **None**

Hull Shape: **Deep Vee**

## Manufacturer Provided Description

Already respected as one of the best builders in international yachting, this Italian firm enters the superyacht market with its Ferretti 80.

On this yacht, an owner can combine all the luxuries of home and all the pleasures and freedom of vacation in a yacht of outstanding performance. The size of the Ferretti 80 has been carefully selected to remain under the 24-meter limit where the tax authorities of many nations rule that a leisure craft becomes a pleasure craft and is thus subject to a different tax regime.

With its length of 23.98 meters, the 80 is in the leisure craft category. The Ferretti 80 knows no limits when it comes to setting standards for pleasure yachts. Developed from the Ferretti 225, the excellent performance has not only been retained but enhanced. The normally accepted gap between top speed and cruising speed has been reduced, and this means that the Ferretti 80 can guarantee a performance which will match its exclusive role as a compact superyacht.

The development from the 225 and the additional length have brought other improvements. The engine room is in a better position and the fuel tanks perform the dual role of holding fuel and acting as a sound barrier from the master cabin. The crew cabins and the auxiliary room have been given a more practical layout. Another improvement allowed by the increase in size is to keep the mooring area aft separate from the cockpit so that the guests can watch undisturbed. This type of detail, of constantly striving to improve the quality and design of the Ferretti motoryacht, is what keeps Ferretti ahead.

## Disclaimer

**For a full, detailed specification with additional photographs and direct contact details for the listing office visit our website at [www.watersideboatsales.com](http://www.watersideboatsales.com)**

The Company offers the details of this vessel in good faith but cannot guarantee or warrant the accuracy of this information nor warrant the condition of the vessel.
