Description

Redbay Boats Stormforce GF1050

Blue Lagoon Marine are excited to present the brilliant Redbay Boats Stormforce GF1050.

Prices starting from £181,495 ex VAT for a completely bespoke brand new boat build

"The GF1050 is a very special boat. Designed by the late Gary Fyfe this boat is the epitome of 25 years of boat-building experience, matched with Gary's 30-year service as Helmsman and Coxswain in the RNLI. The result is a safe, highly capable gentleman's cruiser that can eat up the sea miles when powered by a single inboard diesel or powerful twin outboards. Also a boat very like the man; accessible, sea-kindly, graceful yet filled with purpose. A unique boat."

"Redbay boats are built for whatever adventure awaits on the water. Whether you're a professional mariner, or just getting away from the everyday - get in touch to find out what is the right fit for you."

Please contact the team at Blue Lagoon Marine for further information
