## Description

### 2023 Ultimate Boats T-Class

Blue Lagoon Marine are excited to present this incredible Ultimate Boats T-Class

The T-Class is a serious offshore performer, combining aggressive styling with exceptional build quality and capability. Designed and built with premium materials throughout, the T-Class offers a solid, confidence-inspiring ride while maintaining a sleek and modern profile on the water.

Powered by twin Suzuki 350hp outboards, this example delivers outstanding performance, smooth acceleration and impressive offshore capability. The deep-V hull provides superb stability and handling in challenging conditions, making it equally suited to high-speed coastal cruising or serious offshore adventures.

Built from incredibly durable materials, the hull and deck are made from DANU composite which out performs standard fibre-glass due to it's superior properties.

The collar is built with kevlar reinforcement, which provides the operator with better durability and strength thanks to it's puncture resistant features.

She has some impressive features onboard including:

- x4 Raymarine GPS/Chart plotters
- Zipwake auto trim tabs
- SHOXS seating throughout

She is ready immediately, please contact the team at Blue Lagoon Marine for further information
