Description

1991 Draco 2200 Topaz

Blue Lagoon Marine are excited to present this Draco 2200.

The Draco 2200 Topaz is a fantastic example of Scandinavian boat building, combining timeless styling with superb sea-keeping abilities. Well known for its solid offshore performance and practical layout, the Topaz remains a hugely popular sports cruiser for both day boating and weekends away. This example is powered by the impressive Volvo Penta 5.0 GXI V8 petrol engine (not original engine), delivering strong performance, smooth cruising, and plenty of power for watersports or fast coastal passages.

The spacious cockpit layout provides excellent social space with comfortable seating, a full windscreen, and easy access to the bathing platform. Below deck, the cuddy cabin offers practical overnight accommodation with seating that converts into a berth, making this a versatile package for couples and families alike.

A classic and capable sports cruiser with genuine Scandinavian pedigree.

She has some great features onboard including:

- Twin axle bunked trailer
- Volvo Penta GXI inboard on low hours
- Volvo Penta SX outdrive
- Bennett auto trim tabs
- Electric anchor windlass

There are some age related marks in places that could be repaired / replaced if required. To note, the headlining in the cabin requires deep cleaning or possible replacement.

She is ready immediately, please contact the team at Blue Lagoon Marine for further information
